

Our professional fees

Not all services are available free as part of NHS funded care. For these services we are obliged to charge an appropriate fee in line with the recommendations of the British Medical Association. We make these charges in order to ensure that we can offer these services without affecting our core NHS clinical care. **Payment is required before any work can be started and the following fees apply***

Straightforward certificate of fact £18.00

Private sick note

Accident or sickness insurance certificate

(short certificate of incapacity, without examination, for patients to claim under an insurance policy)

Freedom from infection certificate

* The Practice reserves the right to decline to undertake private work. Instances where private work will be declined include where another clinician or service would be better placed to undertake the work and when additional indemnity (insurance) would need to be obtained to cover the proposed work. All work will be undertaken by a suitably skilled member of the clinical team. We aim to complete the majority of private work within 28 days of payment.
